# INTRODUCTION

- In academic year 2014/2015, POLSRI has 11 study program diploma III (D-III) and 10 study program for Bachelor of Applied (D-IV).
- In the period 2008 to 2012, POLSRI has graduated 6235 graduates for the all study program diploma III
- Before 2012, tracer study implemented by study program
- Since 2012, POLSRI form a team whose members consist of lecturer of the entire study program to implement tracer study
- Tracer study 2012 only covers graduates of the year 2010
- One component in the self-evaluation and accreditation forms are on the whereabouts of graduates
- Tracer study must **give contribution in the process of accreditation.**

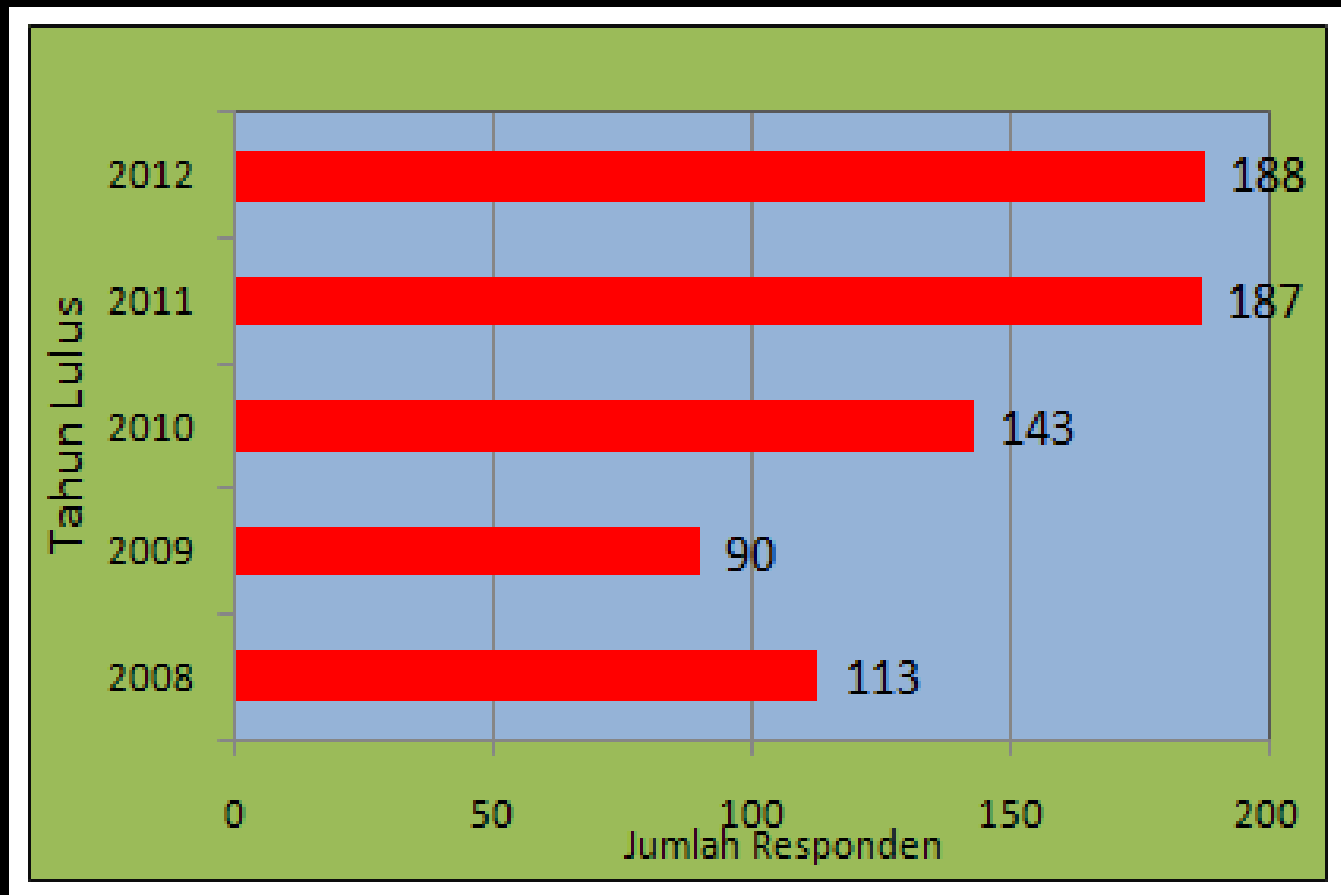

# METHODS AND PROCEDURES

# CONCLUSIONS

- The tracer study team consisted of several units and the entire study program at the State Polytechnic of Sriwijaya increase response rate (11,4%)
- Most of graduates who were filled questionnaire are graduates in nearest years with the implementation of the tracer study (2011:187 ppl, 2012: 188 ppl) .
- Graduates prefer to be as an employee of state owned enterprises (46.9%) or the private sector. (36.3%) which given many vacancies in the labor market or in cooperation with POLSRI.
- GPA of graduates who became employees is above 3.0. so POLSRI need to increase awareness of students that high GPA still needed as a vacancy requirement
- The length of study was 3 years while the average time of seeking a job was 3.5 months.

THANK YOU
